DONDAIMOND® GEMOLOGY

DONDAIMOND® GEMOLOGY

ABOUT

I was born in 1972 in Gorizia, a small town of Italy. I fell in love with gemstones and minerals very young. My huge passion for diamonds and gemstones pushed me to earn my **degree in geology** with full marks and honours from the **University of Trieste**. My next step was getting the **G.I.A. Graduate Diamonds** diploma from **G.I.A. Gemological Institute of America**, the world's foremost authority on diamonds, colored stones and pearls, the leading source of knowledge, standards and education in gems and jewelry. Then I got all the other **G.I.A.** prestigious diplomas: the **G.I.A. Graduate Colored Stones**, the top grade **G.I.A. G.G. Graduate Gemologist**, the **G.I.A. Graduate Pearls** and the **G.I.A. Applied Jewelry Professional** diploma. From **I.G.I. International Gemological Institute of Antwerp** I got the **I.G.I. Rough Diamond Grader** diploma too. For many years I had been working for big companies, brands and chainstores as a gemologist, diamond and colored gemstone buyer and seller, appraiser, consultant and expert. Since 2007 I've been a "freelance" and I'm still cooperating with **diamond, colored gemstone** and **jewelry** producers, wholesalers, cutters and goldsmiths from **all over the World**. I've just opened my new gemological laboratory in Gorizia but I can move everywhere with my portable gemlab to make appraisals, gem and jewelry analysis, consulting etc.. Feel free to contact me! I can guarantee **professionalism, skill, experience, reliability at the right price, always!**

Bangkok 2005, searching for fine rubies
